

Digital Special Interest Group (Dig-SIG) Agenda

30th January 2018

Hosted by Waldeck, 14th Floor, Colston Tower, Colston Street, Bristol, BS1 4XE.

10:00 Coffee and networking

10:30 Welcome & Safety/Security/Environmental Share (Paul Waldeck)

10:40 Workshop objectives and around the room introductions (Philip Isgar)

11:00 Review of status and NI SIG programme interface (Philip Isgar)

11:15 Brief update on latest developments

- New Build (EdF, NuGen & Horizon)
- Decommissioning (Sellafield)
- Disposal (RWM)
- Skills (University of Bolton)

12:10 SIG discussion (All). Suggest we split into 3-4 groups for discussion (45mins) followed by feedback to the group (15mins)

1. Identify key issues and SIG outputs
2. How can Dig-SIG use 'Focus Groups' to deep dive common areas and share information.
Examples: Skills / Education & schools / YGN / University support & Research, Sellafield Decommissioning Focus.
3. How can the Dig-SIG work alongside the other SIGs to maximise interface, commonality issues and sharing information (e.g. attending each other's meeting a regular sharing opportunities)?
4. How do we work with the Professional Institutions (ICE / IStructE / IMechE / IET RIBA / APM etc.) and Industry specific groups like Construction Industry Council, Constructing Excellence, KTN / Innovate UK)

13:10 Summary of actions

13:20 Any other business, other interfaces and events. Date of next meeting.

13:30 Lunch and networking

14:30 Close
