# THE BIG QUESTIONS

## WOMEN IN NUCLEAR UK

## **Professional development workshops**

**A number of workshop sessions will run throughout the conference. You will be able to attend two of these and we ask you to select your preferences from the list below. Places are offered on a first come, first served basis and if your option isn't available you will be allocated an alternative.**

### **Emotional intelligence in action - PrimeEast**

Let's hit pause. Consider how your thoughts and actions influence your behaviours and the impact you have on those around you. Explore the five components of E.I through case studies and develop strategies to enhance your self-awareness and ability to act from choice.

### **Increasing self-confidence, assertiveness and self-esteem - PrimeEast**

An interactive workshop to look at how increasing self-confidence, assertiveness and self-esteem can help you develop more effective business relationships. Explore assertiveness and cooperativeness and why it's okay to say 'No'. We will share with you examples of best practice.

### **Social Media Masterclass - Laurie Wang**

Social media is a compelling way for senior executives in today's world to enhance corporate reputation and business results by leveraging their personal brand. In this workshop, you will learn how to get started with social media the right way and build your brand online to become a thought leader in your industry.

### **Increasing your power and influence by being inclusive – Alex Pett, River Leadership**

When people are asked about power and influence, they often think of power and influence as being 'over' others. In this workshop we will explore power and influence 'with' others and 'for' achieving outcomes... for which the critical element is your capability for drawing on the diversity of people, thinking, preferences and personalities.

### **Understanding the National Equality Standard - Arun Batra, EY**

The National Equality Standard is an industry recognised national standard for equality, diversity and inclusion (EDI). Achieving the National Equality Standard takes time and dedication and this session will help you understand the NES Assessment which reviews current policies and practices helping to identify areas for improvement.
