

Associate

Associate

Joining the Nuclear Institute demonstrates your commitment to nuclear professionalism, crucial for ensuring the acceptance of nuclear as a safe, sustainable energy source and a national security cornerstone.

Why become an Associate?

Keep up with an evolving industry

You're always learning in a career in nuclear as it continues to evolve and grow – that's what makes it such an interesting industry to work in. Develop your skills and knowledge base through the industry-specific regional and national events and the respected *Nuclear Future* journal.

Mentoring and networking opportunities

Make contacts throughout the country with like-minded individuals working in nuclear through events and mentoring run both by the Nuclear Institute and groups within the Institute. You'll develop connections and friendships with experienced, innovative nuclear professionals on the front line of science and technology.

Progress to Professional Membership

We offer routes to professional membership and registration. Becoming MNucl or FNucl demonstrates your commitment to achieving the Nuclear Professionalism Standard®. You'll be valued by employers and stand out from your peers.

Gain extra experience through volunteering

Write for the journal, join a committee, or help out with outreach activities – these are just some of the volunteer experiences you can have with us. Not only will you learn more about an area of the industry, but it looks great on the CV, too.

Key benefits:

- Receive our member-exclusive *Nuclear Future* journal 6 times a year
- Discounts for all Nuclear Institute events and shop
- Training, eLearning and CPD resources
- Access our nuclear-specific jobs board
- Nuclear specific lectures, webinars, technical tours and conferences
- Access to our Mentoring Scheme
- Networking and professional support through our communities, including:
 - ▶ Young Generation Network
 - ▶ Regional Branches
 - ▶ Special Interest Groups
