

Nuclear Professionals Conference

7 May 2026

Sponsorship
Opportunities

WHY SPONSOR?

This new conference aims to unite the UK nuclear workforce by fostering a strong sense of community and belonging across organisations, and provide an inspiring day of connection, learning, and innovation.

It is aimed at Nuclear professionals across **all disciplines** (science, engineering, business services including – finance, HR, marketing, IT, project management and academia) who are interested in their professional development.

By sponsoring this event, you'll align with a powerful mission: promoting equity, diversity, inclusion, wellbeing, and leadership while driving skills development and career progression. The conference delivers measurable impact—strengthening workforce retention, celebrating talent, and creating opportunities for knowledge transfer across sectors. In addition to these packages, we have the option for your organisation to sponsor student places at the event.

With 500 delegates expected, your organisation will stand at the forefront of shaping the future of nuclear, supporting the National Nuclear Strategic Plan for Skills and demonstrating commitment to excellence, innovation, and community.

Key benefits for employers and employees

- Maximise ROI on training budgets
- Boost employee engagement and retention
- Build future leaders
- Concentrated learning opportunity with multiple conference themes and zones
- Demonstrate commitment to continuous improvement and CPD

North West Annual Dinner

The conference will be followed in the evening, in the same venue by the North West Branch Annual Dinner. 2026 will be the 77th year of this flagship event that regularly welcomes over 600 attendees.

Therefore we are offering combined sponsorship packages to cover both the conference and the dinner, allowing attendees additional networking opportunities in a social setting.
