

The NI has had a very productive year and 2018 so we wanted to share with you, our members, some of the main achievements for this year as well as our plans for 2019. With your support in 2019 we can achieve even more and grow the organisation to be the number one choice for people in the nuclear industry. The quicker you renew the membership the more we can achieve so please consider signing up for direct debit if you haven't already done so or making sure that you renew your membership by 1 January.

2018 ACHIEVEMENTS

Membership

- Total membership expected to be over 3,000 by end of 2018.
- Over 1,000 members supported by their company through 17 Company Membership Schemes. Over 300 volunteers engaged in supporting the NI's work through committees, branches, YGN, WiN, outreach activities and more.
- New Education Affiliate grade launched for universities and learning organisations to encourage student membership with the first three already signed up.
- 10 professional membership workshops delivered both face-to-face and online.

Events

- Over 100 central, regional and community events for the nuclear industry.
- Industry support for our events from Abbot Risk Consulting, Ansaldo, Answers (Wood), Arup, Assystem, Atkins, Bechtel, BWR Hub, Cavendish Nuclear, Croft Associates, DBD International, EDF Energy, Gravicus, Horizon, INS, Jacobs, LLWR, NNL, NSAM, NAMRC, NuGen, NuScale, Nuvia, Orano, PwC, Rolls-Royce, Sellafield Ltd, SW Nuclear Hub, Urenco/U-battery, Welsh Government, Westinghouse, Wood.

- Online events booking introduced for most events. AGM moved to September with wider audience and keynote guest lecture held in Manchester.

Communication

- New look and feel for *Nuclear Future* with new publishers.
- Upgraded members' area of the NI website and improvements to the layout of events and news items.
- Governance review to ensure the NI is fit for the 21st century needs of its members.

- Exhibiting at both Big Bang Fair and New Scientist Live as well as numerous regional events to promote nuclear science and future industry career options.
- Gained licence from the Society for the Environment.

PLANS FOR 2019

Membership

- Membership campaign to be launched to encourage both recruitment and retention of members plus an increased focus on professionalism.
- Promoting RNucP to eligible members as the leading qualification for nuclear professionals.

Communications

- Further improvements to the website to deliver more value to members.
- Full launch of CEnv and REnvTech options for members plus RNucP title to be launched.
- Improving opportunities for jobs advertising via digital channels.

Knowledge development

- SIGs to produce first outputs from their work.
- Repeat of Integrated Waste Management event in workshop format.
- Promotion of technical content in *Nuclear Future* through profile of Pinkerton Prize.
- Events on Digital, Nuclear Project Management, Advanced Technologies, Human Factors and Nuclear Safety and Security, amongst others.

Thank you

Finally, thank you to all our members for their support in 2018 and we hope to see you again in 2019. Please encourage your colleagues to sign up for membership if they aren't members already and also think about upgrading your membership to a professional grade if you aren't already a Member or Fellow.

Huge thanks also to our company members below – if your company isn't on this page then why not encourage them to join. As well as the benefits to the company you could also get a discount on your own membership fee.
