EVENT OVERVIEW:

Central England Branch of the Nuclear Institute would like to invite you to our "An Audience With ..." event, specifically for the Young Generation Network and young professionals within the area, including university students.

Want to know what it takes to become Strategic Director of a leading nuclear company? Join Central England Branch at our event 'An Audience with Stephen Sanders', Strategic Director for Remote Operations at Veolia Nuclear Solutions. Stephen will be telling us about his career, discussing his career choices and how he has become a leading figure in the nuclear industry. This is an insightful and unique opportunity not to be missed! Non-members of the Nuclear Institute are also welcome to the event.

Refreshments will be provided during the event.
