

THE PROFESSIONAL BODY  
AND LEARNED SOCIETY FOR  
THE NUCLEAR INDUSTRY

Local meeting

Monday 29<sup>th</sup> October 2018 from 6pm

## Progress in Decommissioning Sellafield

Dr Rebecca Weston

Strategy and Technical Director, Sellafield Ltd

Sellafield is the UK's biggest and most complex nuclear site. It is home to some of the highest-hazard facilities in the Nuclear Decommissioning Authority estate and as such these are the NDA's most high-profile programmes.

This presentation will provide an overview of Sellafield Ltd's strategy for decommissioning the site and the significant progress that has been made in recent months.

This meeting is kindly hosted by:

Refreshments from 6pm (Talk starts at 6:30)
