

Cherry Tweed Chief Scientific Advisor - RWM

Cherry has an MA in Natural Sciences, a PhD in Materials Science from Cambridge University and over 25 years' experience in geological disposal. At IWM 2019 she will chair a session on International Disposal, which will include experiences shared by Gerard Bruno, Head of the Radioactive Waste and Spent Fuel Management Unit at the IAEA; Jean Michel Hoorelbecke, Deputy Director, Safety, Environment and Waste Management Strategy at the French National Radioactive Waste Agency (ANDRA); and practical disposal experience from Finland and Hungary.

**INTEGRATED WASTE
MANAGEMENT**
