

UK IN SMR; SMR IN UK

25TH SEPTEMBER 2014

MANCHESTER CONFERENCE CENTRE, WESTON HALL OF RESIDENCE,
SACKVILLE ST, MANCHESTER M1 3BB

**“What role can the UK play in SMRs?
What is needed to build an SMR in
the UK?”**

The leading NI conference in 2014 will address these questions and all the important issues around SMR.

The conference seeks active participation and engagement from academia and industry and will concentrate on the UK's potential involvement in the design and build of SMRs. Could it be a supporting role for SMRs built internationally? Will the UK build SMRs and could it build the first?

Centre stage in the seminar will be the HMG Nuclear Innovation and research Advisory Board's SMR feasibility Study.

Key Highlights: SMR Design & Operation · HMG NIRAB SMR Feasibility Study · DECC Select Committee Enquiry Report · Manufacturing and Supply Chain · Economics · Licensing · International Exhibition

Sponsorship and
Exhibition opportunities
