

## Technical Tour Sizewell B, Suffolk

16 May 2019

Booking deadline: 4 April 2019

### TOUR OVERVIEW

The YGN are pleased to present our first event for 2019 in our Technical Tour series. We will be offering a limited number of young nuclear professionals the opportunity to attend a visit to EDF site Sizewell B. Delegates will be able to learn about the UK's only Pressurised Water Reactor and tour the site. This will include seeing the radwaste and fuel buildings, transformers and where water is drawn in from the North Sea. The tour will also allow delegates to see inside the turbine hall and the Essential Diesel Generators.

The event is free with preference given to NI YGN members should the tour reach capacity. Transport not included. Please contact [YGNTechnicalTours@nuclearinst.com](mailto:YGNTechnicalTours@nuclearinst.com) for more information and to book your place.

### Schedule

- 10:30 Welcome and overview of Sizewell B
- 11:00 External tour of the site, with explanations of buildings as passed, and the opportunity to see inside the turbine hall and the diesel generators.
- 13:30 Depart site
