

Nuclear Institute's Young Generation Network Annual Day Seminar and Dinner- Information for a Business Case

The following information is presented as guidance for delegates who need to provide a business case to their respective employers to put forward the benefits of attendance to this year's Annual Seminar and Dinner.

Seminar

When: 10th November 2022, 09:15-16:30

Where: Cardiff National Museum, CF10 3NP

Overview:

The Annual Day Seminar and Dinner is the YGN's flagship event which moves to a new location each year and provides the opportunity for delegates to hear the latest developments in our sector from leading experts as well as developing a professional network of contacts. Previous events have seen approximately 300 young professionals representing 30+ companies from across the industry.

The theme of this year's conference is "Together is Better: Collaboration for a Nuclear Future", and there will be a range of presentations from professionals across the industry. Presentations will focus on how essential collaboration is across the sector including: waste management, defence, technology development and new build. There will also be talks focussing on the importance of collaboration beyond our industry and in the wider energy system, as well as internationally.

The aim of the seminar is to:

- a) Provide an update to delegates on the latest developments in the sector
- b) Showcase the wide range of projects within the nuclear industry, developing young professionals' technical knowledge of the sector
- c) Encourage young professionals in the industry to meet one another and network
- d) Give attendees opportunity to ask questions to presenters

The event is aimed at young professionals across the nuclear industry and/or those new to the sector. A lunch will be provided during the seminar, and dietary requirements will be catered to.

The final seminar agenda will be released in due course, but a rough outline of the day is below. The final seminar agenda, once confirmed, will be uploaded to the event webpage: [2022-ygn-annual-seminar-and-dinner](#).

Dinner

Following the day seminar, a dinner is also being planned which will provide further networking opportunities for attendees, as well as a raffle where money will be raised for a local charity.

When: 10th November 2022, 19:00-01:00

Where: Cardiff National Museum, CF10 3NP

Table of 10	£1250

Accommodation

Remember to consider the cost of accommodation and travelling to the event, if required. The following hotels are within a five-minute drive of the event:

Depending on your line of work, e.g. consultancy, you may want to calculate the revenue loss your employer will endure based on your charge rate as a result of your attendance at this event. If you require any additional information, please e-mail Saralyn Thomas (Chair YGN chair.ygn@nuclearinst.com).
