

Nuclear Advanced Manufacturing Research Centre Tour (NAMRC)

North East Branch

Factory 2050

NAMRC

The Event

The visit to see both the Nuclear Advanced Manufacturing Centre and the Factory 2050 is a unique opportunity to both view the state of the art in manufacturing facilities for the Nuclear Industry and one of the most advanced factories in the world. See now what the impact digitalisation on manufacturing will be for the future. This visit will be ideal for any young person engaged in either the Nuclear Industry or manufacturing in any form as the latest industrial revolution (Industry 4.0 as some call it) will be part of their life.

Venue: NAMRC, Rotherham

Date: 11th July 2019

Time: 10:30am Departure

Fees: Members - £10.00

Non-members - £20.00
